May 2019

Dear Tennis Parent/Player,

As the spring 2019 session is ending I wanted to go over some information regarding our fall 2019 sign ups, as well as other information regarding upcoming programs and improvements.

This past year, our drills were totally revamped as we moved many of the high-performance drills to our Glenwood Landing facility. It was a huge success. It gave our pros a visual advantage of all the students playing, making for a fluid drill experience. Our new "UTR" drill was a huge success and we will expand on it in the fall of 2019.

In addition to our continued USTA weekly tournaments, RWTT is becoming a verified UTR club (Universal Tennis rating). We will be hosting UTR verified matches Friday evenings & Sundays

afternoons starting in May & will continue throughout our fall 2019 session. UTR is the driving force in the US collegiate tennis system. Most if not all college coaches use it as a very important tool in recruiting players for their respective collegiate programs. These matches will give our juniors a chance to upgrade their UTR's without having to travel, as well as giving them valuable match experience.

We will be expanding our 10 & under program with additional days, affording our younger juniors the opportunity to play more. We will be adding a fitness component to all orange & green dot ball sessions. For every two hour Green dot drill, the participants will go to the gym for 30 minutes of fitness during the drill groups. For the one (1) hr., green dot and orange ball drill we will give all participants an additional 30 minutes (total drill 1.5 hrs.) after the class to work in the gym on their athleticism to improve their tennis and their-over-all fitness. Matt Steinhauser one of our current teaching professionals and a former student of RWTT will be the director of our 10 & Under program. He will help parents navigate the process of the 10 & Under system and will be available for any questions parents have regarding this program.

Going forward for junior private and groups. All cancellations must be made 24 hours in advance to receive a make-up. Parents must call the front desk 516-759-0505. The coach of your child will then be notified of the cancellation and he or she will then set up a make-up. We have been very fair in the past regarding make-ups and will continue to do our best, but we really need this policy enforced going forward. Also, all make-ups must be made by the end of each session except for extenuating circumstances. In that case please call Robbie to discuss.

We always make physical improvements to both clubs, before the start of each fall program. We will be resurfacing all 13 courts at our Glen Cove Facility. We will be adding/changing the lights on courts 10-13 (last two bubbles), as well as installing new burners in all 3 bubbles so there is never a problem during the cold winter months. At Glenwood landing we will be installing new LED lights and repairing the roof.

At Glen Cove we will be installing new state of the art cameras to our bubble courts, and installing new TVs in our lobby, for parents to watch their children during lesson times.

Here at Robbie Wagner's our reputation is unsurpassed as the premier tennis training center in the Long Island area. We are committed to making the game of tennis fun, while encouraging each player to reach their full playing potential. Our motivation for success and dedication to helping your children achieve their goals is unrivaled in the industry. We are now teaching "the children of the children who trained with us many years ago"!

Robbie Wagner's will give your family the best tennis instruction with the most proficient staff in the business. Visit the lobby at the Glen Cove facility to view the "Wall of Fame" a very impressive list of our college placements and our Glenwood Landing facility where we proudly hang the many banners for all our tournament winners.

At RWTT we consider ourselves a family. Most of our dedicated Professional staff has been with us over 10-15 years. This is something we are very proud of in an industry where people move around frequently. We are always available to answer all your tennis questions for you and your family. We proudly do this without initiation or membership fees.

If you are interested in getting to the "Next Level" and being "The Best that You Can be". Please call us for a free evaluation from Robbie or one of our tennis professionals. We look forward to training with you.

Have a great summer, see you in September.

Sincerely Yours,

Robbie Wagner & Stephen Alcala

2019-2020 JUNIOR TRAINING INFORMATION

LESSON PROGRAMS

All lessons are for all skill levels, including; intermediate, High School and tournament players. Our program focuses on the extensive fundamentals of tennis.

- Stroke emphasis; forehand, backhand, serve, return of serve & volley
- Development of their competitive drive
- Strategic Match Play
- Mental Toughness

Our reputation for building USTA tournament players is founded on our competitive tournament training methods tailored to each student's needs, facilitated by our expert coaching staff with an incomparable collective track record.

DRILL PROGRAMS

Students are placed in a program(s) appropriate to his or her level. The drills are geared for players who wish to practice their skills in a more competitive atmosphere. This includes; Intermediate, High School and USTA tournament players. As our students train with our tennis professionals, they will continue to build on their firm foundations and strive to reach their highest goals.

- Practice their stroke production
- Display strategy
- Sportsmanship
- Competing on a high intensity level

10 AND UNDER TENNIS

We continue to emphasize the development of our young players with USTA trained coaches. Our 10 And Under Tennis Program is designed to start these players rallying and playing right from the beginning in a new, exciting and fun filled environment. Through the use of high density foam balls of different sizes, as well as modified court size and net height, our youngsters are thriving. They are taking fuller swings with racquets of the appropriate size for their level. Slower balls, smaller courts and lighter racquets enable our kids to have longer rallies. As always, we put a premium on having fun and encourage our kids to love this wonderful game.

Robbie Wagner's Tournament Training Center welcomes you to a world of tennis in a family friendly atmosphere. We pride ourselves on treating all students, from our Pee Wee's to our tournament level players with the utmost respect and support necessary for the advancement of your game.
